

CATER - KWIK

We were assisted every step of the way by Melody who is true credit to your company, she was extremely helpful, attentive and professional.

We didn't see on your website that a bespoke unit could be made but whilst phoning with a query, Melody offered to have our sink unit and shelves made to measure, assuring us this would be no problem and for this reason our charity ordered from you.

We are delighted with the products, thank you.
